FAULKNER COUNTY QUORUM COURT

ORDINANCE 94-10

BE IT ENACTED BY THE QUORUM COURT OF THE COUNTY OF FAULKNER, STATE OF ARKANSAS, AN ORDINANCE TO BE ENTITLED: AN ORDINANCE TO CHANGE THE COVERAGE AREA OF RURAL FIRE IMPROVEMENT DISTRICTS WHEN ALL OR PART OF THE COVERAGE AREA IS ANNEXED INTO AN INCORPORATED CITY AND FIRE PROTECTION IS OFFERED BY SAID CITY, TO DECLARE AN EMERGENCY, AND FOR OTHER PURPOSES.

WHEREAS, Rural Fire Improvement Districts are established pursuant to law and its coverage area established pursuant to law, said coverage area having lain completely without the boundaries of any incorporated municipality but within the County of Faulkner, and

WHEREAS, since the establishment of said Rural Fire Improvement Districts, certain portions of the district can be annexed into a municipality of Conway, Arkansas, or other incorporated Cities, thereby allowing said annexed areas formerly covered by the Rural Fire Improvement District to receive benefits of fire protection from the City of Conway or other incorporated cities, and

WHEREAS, Arkansas Code Annotated Section 14-284-201 et seq establishes the procedure for the establishment by the Quorum Court of a County of a fire protection district, and

WHEREAS, Arkansas Code Annotated Section 14-284-201(a)(1) doth provide that fire protection districts shall cover only territory within the County and without the corporate limits of cities and towns, and

WHEREAS, areas annexed into a incorporated city or town no longer meets that qualification of Arkansas Code Annotated Section 14-284-201(a)(1) and now lies within the incorporated limits of the said City and enjoys the benefits of fire protection from said City; therefore, these areas, upon annexation by a municipality, are by this Ordinance deleted from the Rural Fire Improvement District coverage area of which is re-established by this Ordinance as being previous coverage area and boundaries less the described property now annexed into the said City, and further the property owners of the newly annexed area shall no longer be responsible of payment of any fees or dues for said Rural Fire Improvement District after the year in which the annexation was complete.

WHEREAS THIS ORDINANCE BEING NECESSARY FOR PROPER FUNCTIONING OF THE FIRE PROTECTION DISTRICT, AND THE FAULKNER COUNTY ASSESSORS AND COLLECTORS OFFICE, AN

EMERGENCY IS HEREBY DECLARED TO EXIST AND THIS ORDINANCE SHALL BE IN FULL FORCE AND EFFECT UPON PASSAGE AND APPROVAL.

FAULKNER COUNTY QUORUM COURT

ORDINANCE 94-11

BE IT ENACTED BY THE QUORUM COURT OF THE COUNTY OF FAULKNER, STATE OF ARKANSAS, AN ORDINANCE TO BE ENTITLED: AN ORDINANCE PROVIDING FOR NOTICE AND PUBLIC HEARINGS ON FAULKNER COUNTY ORDINANCE NO. 94-10.

WHEREAS the Faulkner County Quorum Court has adopted Ordinance No. 94-10, and

WHEREAS Arkansas Code Annotated Section 14-284-204 does provide for hearing and notice procedures to be followed subsequent to the adoption of such an Ordinance, and

WHEREAS said Code section does provide for notice of the adoption of said Ordinance in newspaper of general circulation in the County, said notice to include a copy of said Ordinance prescribing a time and place for a public hearing on said Ordinance.

THEREFORE, this Quorum Court does order that a public hearing shall be had at least 30 days and not more than 60 days after the date of publication of said Ordinance, and that said hearing shall be had at the Faulkner County Judge's office on the 1st day of August, 1994, at 7:00 p.m., and further, that notice shall run in the Log Cabin Democrat prescribing and noticing the above referenced.

FAULKNER COUNTY QUORUM COURT

ORDINANCE 94-12

BE IT ENACTED BY THE QUORUM COURT OF THE COUNTY OF FAULKNER, STATE OF ARKANSAS, AN ORDINANCE TO BE ENTITLED: "AN ORDINANCE PROVIDING FOR THE ESTABLISHMENT OF A FLOOD DAMAGE PREVENTION PROGRAM FOR FAULKNER COUNTY, TO DECLARE AN EMERGENCY, AND FOR OTHER PURPOSES."

SECTION 1: FLOOD DAMAGE PREVENTION CODE ADOPTED BY REFERENCE. There is hereby adopted by reference a flood damage prevention code for Faulkner County, Arkansas, such flood damage prevention code having been delegated by the legislature of the State of Arkansas and set forth in Arkansas Statutes Sections 21-1901 through 21-1904 (Act 629 of 1969). A copy of the referenced code shall be filed in the office of the County Clerk of Faulkner County and shall be available for inspection and copying by any person during normal office hours. The code shall include:

ARTICLE 1 Statutory authorization, finding of fact, purpose and methods
ARTICLE 2 Definitions
ARTICLE 3 General Provisions
ARTICLE 4 Administration
ARTICLE 5 Provisions for flood hazard reduction

SECTION 2: Any person or corporation who intentionally violates the measure adopted under this Code may be fined not more than one hundred dollars (\$100) for each offense. Each day during which such violation exists is a separate offense.

SECTION 3: Any Ordinance in conflict herewith or in conflict with the code adopted herein is hereby repealed.

SECTION 4: It is hereby found and declared by the Quorum Court of Faulkner County that severe flooding has occurred in the past within its jurisdiction and will certainly occur within the future; that flooding is likely to result in substantial injury or destruction of property within its jurisdiction; in order to effectively comply with minimum standards for coverage under the National Flood Insurance Program; and in order to effectively remedy the situation described

herein, it is necessary that this Ordinance become effective immediately.

Therefore, an emergency is hereby declared to exist, and this Ordinance, being necessary for the immediate preservation of the public peace, health and safety, shall be in full force and effect from and after its passage and approval.

DATED: 6-22-94 DATED: 6-22-94

60.3(d) Revised as of October 1, 1989

FLOOD DAMAGE PREVENTION ORDINANCE

ARTICLE I

STATUTORY AUTHORIZATION, FINDINGS OF FACT, PURPOSE AND METHODS

SECTION A. STATUTORY AUTHORIZATION

The Legislature of the State of Arkansas has in (statutes) 21-1901--21-1904 delegated the responsibility of local governmental units to adopt regulations designed to minimize flood losses. Therefore, the Quorum Court (governing body) of Faulkner County, Arkansas, does ordain as (local unit) (State) follows:

SECTION B. FINDINGS OF FACT

(1) The flood hazard areas of Faulkner County are subject to periodic inundation which results in loss of life and property, health and safety hazards, disruption of commerce and governmental services, and extraordinary public expenditures for flood protection and relief, all of which adversely affect the public health, safety and general welfare.

(2) These flood losses are created by the cumulative effect of obstructions in floodplains which cause an increase in flood heights and velocities, and by the occupancy of flood hazards areas by uses vulnerable to floods and hazardous to other lands because they are inadequately elevated, floodproofed or otherwise protected from flood damage.

SECTION C. STATEMENT OF PURPOSE

It is the purpose of this ordinance to promote the public health, safety and general welfare and to minimize public and private losses due to flood conditions in specific areas by provisions designed to:

- (1) Protect human life and health;
- (2) Minimize expenditure of public money for costly flood control projects;

(3) Minimize the need for rescue and relief efforts associated with flooding and generally undertaken at the expense of the general public;

(4) Minimize prolonged business interruptions;

(5) Minimize damage to public facilities and utilities such as water and gas mains, electric, telephone and sewer lines, streets and bridges located in floodplains;

(6) Help maintain a stable tax base by providing for the sound use and development of flood-prone areas in such a manner as to minimize future flood blight areas; and

(7) Insure that potential buyers are notified that property is in a flood area.

SECTION D. METHODS OF REDUCING FLOOD LOSSES

In order to accomplish its purposes, this ordinance uses the following methods:

(1) Restrict or prohibit uses that are dangerous to health, safety or property in times of flood, or cause excessive increases in flood heights or velocities;

(2) Require that uses vulnerable to floods, including facilities which serve such uses, be protected against flood damage at the time of initial construction;

(3) Control the alteration of natural floodplains, stream channels, and natural protective barriers, which are involved in the accommodation of flood waters;

(4) Control filling, grading, dredging and other development which may increase flood damage;

(5) Prevent or regulate the construction of flood barriers which will unnaturally divert flood waters or which may increase flood hazards to other lands.

ARTICLE 2

DEFINITIONS

Unless specifically defined below, words or phrases used in this ordinance shall be interpreted to give them the meaning they have in common usage and to give this ordinance its most reasonable application.

ALLUVIAL FAN FLOODING - means flooding occurring on the surface of an alluvial fan or similar landform which originates at the apex and is characterized by high-velocity flows; active processes of erosion, sediment transport, and deposition; and unpredictable flow paths.

APEX - means a point on an alluvial fan or similar landform below which the flow path of the major stream that formed the fan becomes unpredictable and alluvial fan flooding can occur.

AREA OF SHALLOW FLOODING - means a designated AO, AH, or VO zone on a community's Flood Insurance Rate Map (FIRM) with a one percent chance or greater annual chance of flooding to an average depth of one to three feet where a clearly defined channel does not exist, where the path of flooding is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.

AREA OF SPECIAL FLOOD HAZARD - is the land in the floodplain within a community subject to a one percent or greater chance of flooding in any given year. The area may be designated as Zone A on the Flood Hazard Boundary Map (FHBM). After detailed ratemaking has been completed in preparation for publication of the FIRM, Zone A usually is refined into Zones A, AE, AH, AO, A1-99, VO, V1-30, VE or V.

BASE FLOOD - means the flood having a one percent chance of being equalled or exceeded in any given year.

BASEMENT - means any area of the building having its floor subgrade (below ground level) on all sides.

CRITICAL FEATURE - means an integral and readily identifiable part of a flood protection system, without which the flood protection provided by the entire system would be compromised.

DEVELOPMENT - means any man-made change in improved and unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations or storage of equipment or materials.

ELEVATED BUILDING - means a nonbasement building (i) built, in the case of a building in Zones A1-30, AE, A, A99, AO, AH, B, C, X, and D, to have the top of the elevated floor, or in the case of a building in Zones V1-30, VE, or V, to have the bottom of the lowest horizontal structure member of the elevated floor elevated above the ground level by means of pilings, columns (posts and piers), or shear walls parallel to the floor of the water and (ii) adequately anchored so as not to impair the structural integrity of the building during a flood of up to the magnitude of the base flood. In the case of Zones A1-30, AE, A, A99, AO, AH, B, C, X, and D, "elevated building" also includes a building elevated by means of fill or solid foundation perimeter walls with openings sufficient to facilitate the unimpeded movement of flood waters. In the case of Zones V1-30, VE, or V, "elevated building" also includes a building otherwise meeting the definition of "elevated building," even though the lower area is enclosed by means of breakaway walls if the breakaway walls met the standards of Section 60.3(e)(5) of the National Flood Insurance Program regulations.

EXISTING CONSTRUCTION - means for the purposes of determining rates, structures for which the "start of construction" commenced before the effective date of the FIRM or before January 1, 1975, for FIRMS effective before that date. "Existing construction" may also be referred to as "existing structures."

EXISTING MANUFACTURED HOME PARK OR SUBDIVISION - means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including, at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed before the effective date of the floodplain management regulations adopted by a community.

EXPANSION TO AN EXISTING MANUFACTURED HOME PARK OR SUBDIVISION - means the preparation of additional sites by the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads).

FLOOD OR FLOODING - means a general and temporary condition of partial or complete inundation of normally dry land areas from:

- (1) the overflow of inland or tidal waters.
- (2) the unusual and rapid accumulation or runoff of surface waters from any source.

FLOOD INSURANCE RATE MAP (FIRM) - means an official map of a community, on which the Federal Emergency Management Agency has delineated both the areas of special flood hazards and the risk premium zones applicable to the community.

FLOOD INSURANCE STUDY - is the official report provided by the Federal Emergency Management Agency. The report contains flood profiles, water surface elevation of the base flood, as well as the Flood Boundary-Floodway Map.

FLOODPLAIN OR FLOOD-PRONE AREA - means any land area susceptible to being inundated by water from any source (see definition of flooding).

FLOODPLAIN MANAGEMENT - means the operation of an overall program of corrective and preventive measures for reducing flood damage, including but not limited to emergency preparedness plans, flood control works and floodplain management regulations.

FLOODPLAIN MANAGEMENT REGULATIONS - means zoning ordinances, subdivision regulations, building codes, health regulations, special purpose ordinances (such as a floodplain ordinance, grading ordinance and erosion control ordinance) and other applications of police power. The term describes such state or local regulations, in any combination thereof, which provide standards for the purpose of flood damage prevention and reduction.

FLOOD PROTECTION SYSTEM - means those physical structural works for which funds have been authorized, appropriated, and expended and which have been constructed specifically to modify flooding in order to reduce the extent of the areas within a community subject to a "special flood hazard" and the extent of the depths of associated flooding. Such a system typically includes hurricane tidal barriers, dams, reservoirs, levees or dikes. These specialized flood modifying works are those constructed in conformance with sound engineering standards.

FLOOD PROOFING - means any combination of structural and non-structural additions, changes, or adjustments to structures which reduce or eliminate flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents.

FLOODWAY (REGULATORY FLOODWAY) - means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than a designated height.

FUNCTIONALLY DEPENDENT USE - means a use which cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking facilities, port facilities that are necessary for the loading and unloading of cargo or passengers, and ship building and ship repair facilities, but does not include long-term storage or related manufacturing facilities.

HIGHEST ADJACENT GRADE - means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

HISTORIC STRUCTURE - means any structure that is:

(a) Listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;

(b) Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;

(c) Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of Interior; or

(d) Individually listed on a local inventory of historic places in communities with historic preservation programs that have been certified either:

(1) By an approved state program as determined by the Secretary of the Interior or;

(2) Directly by the Secretary of the Interior in states without approved programs.

LEVEE - means a man-made structure, usually an earthen embankment, designed and constructed in accordance with sound engineering practices to contain, control, or divert the flow of water so as to provide protection from temporary flooding.

LEVEE SYSTEM - means a flood protection system which consists of a levee, or levees, and associated structures, such as closure and drainage devices, which are constructed and operated in accordance with sound engineering practices.

LOWEST FLOOR - means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking or vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor; provided that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirement of Section 60.3 of the National Flood Insurance Program regulations.

MANUFACTURED HOME - means a structure transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. The term "manufactured home" does not include a "recreational vehicle".

MANUFACTURED HOME PARK OR SUBDIVISION - means a parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

MEAN SEA LEVEL - means, for purposes of the National Flood Insurance Program, the National Geodetic Vertical Datum (NGVD) of 1929 or other datum, to which base flood elevations shown on a community's Flood Insurance Rate Map are referenced.

NEW CONSTRUCTION - means, for the purpose of determining insurance rates, structures for which the "start of construction" commenced on or after the effective date of an initial FIRM or after December 31, 1974, whichever is later, and includes any subsequent improvements to such structures. For floodplain management purposes, "new construction" means structures for which the "start of construction" commenced on or after the effective date of a floodplain management regulation adopted by a community and includes any subsequent improvements to such structures.

NEW MANUFACTURED HOME PARK OR SUBDIVISION - means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after the effective date of floodplain management regulations adopted by a community.

RECREATIONAL VEHICLE - means a vehicle which is (i) built on a single chassis; (ii) 400 square feet or less when measured at the largest horizontal projections; (iii) designed to be self-propelled or permanently towable by a light duty truck; and (iv) designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

START OF CONSTRUCTION - (for other than new construction or substantial improvements under the Coastal Barrier Resources Act (Pub. L. 97-348)), includes substantial improvement and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition, placement, or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for basement, footings, piers or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure. For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

STRUCTURE - means a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a manufactured home.

SUBSTANTIAL DAMAGE - means damage of any origin sustained by a structure whereby the cost of restoring the structure to its before damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.

SUBSTANTIAL IMPROVEMENT - means any reconstruction, rehabilitation, addition, or other improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure before "start of construction" of the improvement. This includes structures which have incurred "substantial damage", regardless of the actual repair work performed. The term does not, however, include either: (1) Any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are the minimum necessary conditions or (2) Any alteration of a "historic structure", provided that the alteration will not preclude the structure's continued designation as a "historic structure."

VARIANCE - is a grant of relief to a person from the requirement of this ordinance when specific enforcement would result in unnecessary hardship. A variance, therefore, permits construction or development in a manner otherwise prohibited by this ordinance. (For full requirements see Section 60.6 of the National Flood Insurance Program regulations.)

VIOLATION - means the failure of a structure or other development to be fully compliant with the community's floodplain management regulations. A structure or other development without the elevation certificate, other certifications, or other evidence of compliance required in Section 60.3(b)(5), (c)(4), (c)(10), (d)(3), (e)(2), (e)(4), or (e)(5) is presumed to be in violation until such time as that documentation is provided.

WATER SURFACE ELEVATION - means the height, in relation to the National Geodetic Vertical Datum (NGVD) of 1929 (or other datum, where specified), of floods of various magnitudes and frequencies in the floodplains of coastal or riverine areas.

ARTICLE 3

GENERAL PROVISIONS

SECTION A. LANDS TO WHICH THIS ORDINANCE APPLIES

The ordinance shall apply to all areas of special flood hazard with the jurisdiction of Faulkner County
(local unit)

SECTION B. BASIS FOR ESTABLISHING THE AREAS OF SPECIAL FLOOD HAZARD

The areas of special flood hazard identified by the Federal Emergency Management Agency in a scientific and engineering report entitled, "The Flood Insurance Study for Faulkner County," dated June 02, 1994, with accompanying Flood Insurance Rate Maps and Flood Boundary-Floodway Maps (FIRM and FBFM) and any revisions thereto are hereby adopted by reference and declared to be a part of this ordinance.

SECTION C. ESTABLISHMENT OF DEVELOPMENT PERMIT

A Development Permit shall be required to ensure conformance with the provisions of this ordinance.

SECTION D. COMPLIANCE

No structure or land shall hereafter be located, altered, or have its use changed without full compliance with the terms of this ordinance and other applicable regulations.

SECTION E. ABROGATION AND GREATER RESTRICTIONS

This ordinance is not intended to repeal, abrogate, or impair any existing easements, covenants, or deed restrictions. However, where this ordinance and another conflict or overlap, whichever imposes the more stringent restrictions shall prevail.

SECTION F. INTERPRETATION

In the interpretation and application of this ordinance, all provisions shall be; (1) considered as minimum requirements; (2) liberally construed in favor of the governing body; and (3) deemed neither to limit nor repeal any other powers granted under State statutes.

SECTION G. WARNING AND DISCLAIMER OR LIABILITY

The degree of flood protection required by this ordinance is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. On rare occasions greater floods can and will occur and flood heights may be increased by man-made or natural causes. This ordinance does not imply that land outside the areas of special flood hazards or uses permitted within such areas will be free from flooding or flood damages. This ordinance shall not create liability on the part of the community or any official or employee thereof for any flood damages that result from reliance on this ordinance or any administrative decision lawfully made thereunder.

ARTICLE 4

ADMINISTRATION

SECTION A. DESIGNATION OF THE FLOODPLAIN ADMINISTRATOR

The Faulkner County Assessor is hereby appointed the Floodplain Administrator to administer and implement the provisions of this ordinance and other appropriate sections of 44 CFR (National Flood Insurance Program Regulations) pertaining to floodplain management.

SECTION B. DUTIES & RESPONSIBILITIES OF THE FLOODPLAIN ADMINISTRATOR

Duties and responsibilities of the Floodplain Administrator shall include, but not be limited to, the following:

- (1) Maintain and hold open for public inspection all records pertaining to the provisions of this ordinance.
- (2) Review permit application to determine whether proposed building site, including the placement of manufactured homes, will be reasonably safe from flooding.
- (3) Review, approve or deny all applications for development permits required by adoption of this ordinance.
- (4) Review permits for proposed development to assure that all necessary permits have been obtained from those Federal, State or local governmental agencies (including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334) from which prior approval is required.
- (5) Where interpretation is needed as to the exact location of the boundaries of the areas of special flood hazards (for example, where there appears to be a conflict between a mapped boundary and actual field conditions) the Floodplain Administrator shall make the necessary interpretation.
- (6) Notify, in riverine situations, adjacent communities and the State Coordinating Agency which is Ar Soil & Water Conservation Comm. prior to any alteration or relocation of a watercourse, and submit evidence of such notification to the Federal Emergency Management Agency.
- (7) Assure that the flood carrying capacity within the altered or relocated portion of any watercourse is maintained.

(8) When base flood elevation data has not been provided in accordance with Article 3, Section B, the Floodplain Administrator shall obtain, review and reasonably utilize any base flood elevation data and floodway data available from a Federal, State or other source, in order to administer the provisions of Article 5.

(9) When a regulatory floodway has not been designated, the Floodplain Administrator must require that no new construction, substantial improvements, or other development (including fill) shall be permitted within Zones A1-30 and AE on the community's FIRM, unless it is demonstrated that the cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the water surface elevation of the base flood more than one foot at any point within the community.

(10) Under the provisions of 44 CFR Chapter 1, Section 65.12, of the National Flood Insurance Program regulations, a community may approve certain development in Zones A1-30, AE, AH, on the community's FIRM which increases the water surface elevation of the base flood by more than one foot, provided that the community first applies for a conditional FIRM revision through FEMA.

SECTION C. PERMIT PROCEDURES

(1) Application for a Development Permit shall be presented to the Floodplain Administrator on forms furnished by him/her and may include, but not be limited to, plans in duplicate drawn to scale showing the location, dimensions, and elevation of proposed landscape alterations, existing and proposed structures, including the placement of manufactured homes, and the location of the foregoing in relation to areas of special flood hazard. Additionally, the following information is required:

a. Elevation (in relation to mean sea level), of the lowest floor (including basement) of all new and substantially improved structures;

b. Elevation in relation to mean sea level to which any nonresidential structure shall be floodproofed;

c. A certificate from a registered professional engineer or architect that the nonresidential floodproofed structure shall meet the floodproofing criteria of Article 5, Section B(2);

d. Description of the extent to which any watercourse or natural drainage will be altered or relocated as a result of proposed development.

e. Maintain a record of all such information in accordance with Article 4, Section (B)(1).

(2) Approval or denial of a Development Permit by the Floodplain Administrator shall be based on all of the provisions of this ordinance and the following relevant factors:

a. The danger to life and property due to flooding or erosion damage;

b. The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner;

c. The danger that materials may be swept onto other lands to the injury of others;

d. The compatibility of the proposed use with existing and anticipated development;

e. The safety of access to the property in times of flood for ordinary and emergency vehicles;

f. The costs of providing governmental services during and after flood conditions including maintenance and repair of streets and bridges, and public utilities and facilities such as sewer, gas, electrical and water systems;

g. The expected heights, velocity, duration, rate of rise and sediment transport of the flood waters and the effects of wave action, if applicable, expected at the site;

h. The necessity to the facility of a waterfront location, where applicable;

i. The availability of alternative locations, not subject to flooding or erosion damage, for the proposed use;

j. The relationship of the proposed use to the comprehensive plan for that area.

SECTION D. VARIANCE PROCEDURES

(1) The appeal Board as established by the community shall hear and render judgement on requests for variances from the requirements of this ordinance.

(2) The Appeal Board shall hear and render judgement on an appeal only when it is alleged there is an error in any requirement, decision, or determination made by the Floodplain Administrator in the enforcement or administration of this ordinance.

(3) Any person or persons aggrieved by the decision of the Appeal Board may appeal such decision in the courts of competent jurisdiction.

(4) The Floodplain Administrator shall maintain a record of all actions involving an appeal and shall report variances to the Federal Emergency Management Agency upon request.

(5) Variances may be issued for the reconstruction, rehabilitation or restoration of structures listed on the National Register of Historic Places or the State Inventory of Historic Places, without regard to the procedures set forth in the remainder of this ordinance.

(6) Variances may be issued for new construction and substantial improvements to be erected on a lot of one-half acre or less in size contiguous to and surrounded by lots with existing structures constructed below the base flood level, providing the relevant factors in Section C(2) of this Article have been fully considered. As the lot size increases beyond the one-half acre, the technical justification required for issuing the variance increases.

(7) Upon consideration of the factors noted above and the intent of this ordinance, the Appeal Board may attach such conditions to the granting of variances as it deems necessary to further the purpose and objectives of this ordinance (Article 1, Section C).

(8) Variances shall not be issued within any designated floodway if any increase in flood levels during the base flood discharge would result.

(9) Variances may be issued for the repair or rehabilitation of historic structures upon a determination that the proposed repair or rehabilitation will not preclude the structure's continued designation as a historic structure and the variance is the minimum necessary to preserve the historic character and design of the structure.

(10) Prerequisites for granting variances:

a. Variances shall only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.

b. Variances shall only be issued upon, (i) showing a good and sufficient cause; (ii) a determination that failure to grant the variance would result in exceptional hardship to the applicant, and (iii) a determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances.

c. Any application to whom a variance is granted shall be given written notice that the structure will be permitted to be built with the lowest floor elevation below the base flood elevation, and that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced lowest floor elevation.

(11) Variances may be issued by a community for new construction and substantial improvements and for other development necessary for the conduct of a functionally dependent use provided that (i) the criteria outlined in Article 4, Section D(1)-(9) are met, and (ii) the structure or other development is protected by methods that minimize flood damages during the base flood and create no additional threats to public safety.

ARTICLE 5

PROVISIONS FOR FLOOD HAZARD REDUCTION

SECTION A. GENERAL STANDARDS

In all areas of special flood hazards the following provisions are required for all new construction and substantial improvements.

(1) All new construction or substantial improvements shall be designed (or modified) and adequately anchored to prevent flotation, collapse or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy;

(2) All new construction or substantial improvements shall be constructed by methods and practices that minimize flood damage;

(3) All new construction or substantial improvements shall be constructed with materials resistant to flood damage;

(4) All new construction or substantial improvements shall be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.

(5) All new and replacement water supply systems shall be designed to minimize or eliminate infiltration of flood waters into the system;

(6) New and replacement sanitary sewage systems shall be designed to minimize or eliminate infiltration of flood waters into the system and discharge from the systems into flood waters; and,

(7) On-site waste disposal systems shall be located to avoid impairment to them or contamination from them during flooding.

SECTION B. SPECIFIC STANDARDS

In all areas of special flood hazards where base flood elevation data has been provided as set forth in (i) Article 3, Section B, (ii) Article 4, Section B(8), or (iii) Article 5, Section C(3), the following provisions are required:

(1) **Residential Construction** - new construction and substantial improvement of any residential structure shall have the lowest floor (including basement), elevated to or above the base flood elevation. A registered professional engineer, architect, or land surveyor shall submit a certification to the Floodplain Administrator that the standard of this subsection as proposed in Article 4, Section C(1)a., is satisfied.

(2) **Nonresidential Construction** - new construction and substantial improvements of any commercial, industrial or other nonresidential structure shall either have the lowest floor (including basement) elevated to or above the base flood level or together with attendant utility and sanitary facilities, be designed so that below the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy. A registered professional engineer or architect shall develop and/or review structural design, specifications, and plans for the construction, and shall certify that the design and methods of construction are in accordance with accepted standards of practice as outlined in this subsection. A record of such certification which includes the specific elevation (in relation to mean sea level) to which such structures are floodproofed shall be maintained by the Floodplain Administrator.

(3) **Enclosures** - new construction and substantial improvements, with fully enclosed areas below the lowest floor that are usable solely for parking of vehicles, building access or storage in an area other than a basement and which are subject to flooding shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or meet or exceed the following minimum criteria:

a. A minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding shall be provided.

b. The bottom of all openings shall be no higher than one foot above grade.

c. Openings may be equipped with screens, louvers, valves, or other coverings or devices provided that they permit the automatic entry and exit of floodwaters.

(4) Manufactured Homes -

a. Require that all manufactured homes to be placed within Zone A on a community's FHBM or FIRM shall be installed using methods and practices which minimize flood damage. For the purposes of this requirement, manufactured homes must be elevated and anchored to resist flotation, collapse, or lateral movement. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors. This requirement is in addition to applicable State and local anchoring requirements for resisting wind forces.

b. Require that manufactured homes that are placed or substantially improved within Zones A1-30, AH, and AE on the community's FIRM on sites (i) outside of a manufactured home park or subdivision, (ii) in a new manufactured home park or subdivision, (iii) in an expansion to an existing manufactured home park or subdivision, or (iv) in an existing manufactured home park or subdivision on which a manufactured home has incurred "substantial damage" as a result of a flood, be elevated on a permanent foundation such that the lowest floor of the manufactured home is elevated to or above the base flood elevation and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement.

c. Require that manufactured homes be placed or substantially improved on sites in an existing manufactured home park or subdivision with Zones A1-30, AH and AE on the community's FIRM that are not subject to the provisions of paragraph (4) of this section be elevated so that either:

(i) the lowest floor of the manufactured home is at or above the base flood elevation, or

(ii) the manufactured home chassis is supported by reinforced piers or other foundation elements of at least equivalent strength that are no less than 36 inches in height above grade and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement.

(5) Recreational Vehicles - Require that recreational vehicles placed on sites within Zones A1-30, AH, and AE on the community's FIRM either (i) be on the site for fewer than 180 consecutive days, (ii) be fully licensed and ready for highway use, or (iii) meet the permit requirements of Article 4, Section C(1), and the elevation and anchoring requirements for "manufactured homes" in paragraph (4) of this section. A recreational vehicle is ready for highway use if it is on its wheels or jacking system, is attached to the site only by quick disconnect type utilities and security devices, and has no permanently attached additions.

SECTION C. STANDARDS FOR SUBDIVISION PROPOSALS

(1) All subdivision proposals including the placement of manufactured home parks and subdivisions shall be consistent with Article 1, Sections B, C, and D of this ordinance.

(2) All proposals for the development of subdivisions including the placement of manufactured home parks and subdivisions shall meet Development Permit requirements of Article 3, Section C; Article 4, Section C; and the provisions of Article 5 of this ordinance.

(3) Base flood elevation data shall be generated for subdivision proposals and other proposed development including the placement of manufactured home parks and subdivisions which is greater than 50 lots or 5 acres, whichever is lesser, if not otherwise provided pursuant to Article 3, Section B or Article 4, Section B (8) of this ordinance.

(4) All subdivision proposals including the placement of manufactured home parks and subdivisions shall have adequate drainage provided to reduce exposure to flood hazards.

(5) All subdivision proposals including the placement of manufactured home parks and subdivisions shall have public utilities and facilities such as sewer, gas, electrical and water systems located and constructed to minimize or eliminate flood damage.

SECTION D. STANDARDS FOR AREAS OF SHALLOW FLOODING (AO/AH ZONES)

Located within the areas of special flood hazard established in Article 3, Section B, are areas designated as shallow flooding. These areas have special flood hazards associated with base flood depths of 1 to 3 feet where a clearly defined channel does not exist and where the path of flooding is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow; therefore, the following provisions apply:

(1) All new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated above the highest adjacent grade at least as high as the depth number specified in feet on the community's FIRM (at least two feet if no depth number is specified).

(2) All new construction and substantial improvements of non-residential structures;

(i) have the lowest floor (including basement) elevated above the highest adjacent grade at least as high as the depth number specified in feet on the community's FIRM (at least two feet if no depth number is specified), or;

(ii) together with attendant utility and sanitary facilities be designed so that below the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads of effects of buoyancy.

(3) A registered professional engineer or architect shall submit a certification to the Floodplain Administrator that the standards of this Section, as proposed in Article 4, Section C (1)a., are satisfied.

(4) Require within Zones AH or AO adequate drainage paths around structures on slopes, to guide flood waters around and away from proposed structures.

SECTION E. FLOODWAYS

Floodways - located within areas of special flood hazard established in Article 3, Section B, are areas designated as floodways. Since the floodway is an extremely hazardous area due to the velocity of flood waters which carry debris, potential projectiles and erosion potential, the following provisions shall apply:

(1) Encroachments are prohibited, including fill, new construction, substantial improvements and other development within the adopted regulatory floodway unless it has been demonstrated through hydrologic and hydraulic analyses performed in accordance with standard engineering practice that the proposed encroachment would not result in any increase in flood levels within the community during the occurrence of the base flood discharge.

(2) If Article 5, Section E (1) above is satisfied, all new construction and substantial improvements shall comply with all applicable flood hazard reduction provisions of Article 5.

(3) Under the provisions of 44 CFR Chapter 1, Section 65.12, of the National Flood Insurance Regulations, a community may permit encroachments within the adopted regulatory floodway that would result in an increase in base flood elevations, provided that the community first applies for a conditional FIRM and floodway revision through FEMA.

CERTIFICATION

It is hereby found and declared by the Faulkner County Quorum Court
(local unit)

that severe flooding has occurred in the past within its jurisdiction and will certainly occur within the future; that flooding is likely to result in infliction of serious personal injury or death, and is likely to result in substantial injury or destruction of property within its jurisdiction; in order to effectively comply with minimum standards for coverage under the National Flood Insurance Program; and in order to effectively remedy the situation described herein, it is necessary that this ordinance become effective immediately.

Therefore, an emergency is hereby declared to exist, and this ordinance, being necessary for the immediate preservation of the public peace, health and safety, shall be in full force and effect from and after its passage and approval.

APPROVED: John Wayne Carter
(community official)

PASSED: 6-21-94
(date)

I, the undersigned, Rick Whitaker, do hereby certify that the above is a true and correct copy of an ordinance duly adopted by the Faulkner Co. Quorum Court, at a regular meeting duly convened on 6-21-94.

Rick Whitaker

FAULKNER COUNTY QUORUM COURT

ORDINANCE 94-14

BE IT ORDAINED BY THE QUORUM COURT OF THE COUNTY OF FAULKNER, STATE OF ARKANSAS, AN ORDINANCE TO BE ENTITLED: "THE OBLIGATION OF THE COUNTY TO BE RESPONSIBLE FOR THE MEDICAL EXPENSES OF PRISONERS WITHIN THE FAULKNER COUNTY JAIL AND THE CIRCUMSTANCES UNDER WHICH THE PRISONERS SHALL BE RESPONSIBLE FOR THEIR MEDICAL EXPENSES, FOR NOTICE THEREOF, AND FOR OTHER PURPOSES".

SECTION 1: Faulkner County recognizes and assumes its obligation to provide a safe and suitable facility for the incarceration of persons charged with criminal and traffic offenses or otherwise confined by Court Order as required by the Arkansas Constitution and by the statutes of the State and Federal Government;

SECTION 2: Faulkner County also recognizes and assumes its duty to provide immediate emergency medical treatment for any and all inmates, and further to provide access to any and all reasonable and necessary medical treatment that may be required on account of all preexisting conditions, illness or diseases as prescribed or required by a medical doctor or other qualified practitioner;

SECTION 3: Faulkner County recognizes and willingly assumes moral and legal obligation to provide medical treatment to inmates at the Faulkner County Jail or persons in custody of the Faulkner County Sheriff's Office on account of injuries or physical harm suffered as a result of the negligent or intentional acts of the law enforcement officers employed by the County and to pay all of the direct and reasonable incidental costs thereof;

SECTION 4: However, Faulkner County does not assume any responsibility for, nor will it be held liable for, the costs of medical treatment provided to inmates of the County Jail, nor persons in custody of the Faulkner County Sheriff's Office for injuries or harm inflicted by that inmate or detainee to themselves, inflicted by third parties, who are not in custody or under detention at the jail facility, or for the reasonable medical treatment needed for such persons or account of their continuing treatment for preexisting illness, injury or disease, or

for treatment, medication, or incidental medical expenses prescribed, recommended, or directed by a treating physician prior to the incarceration of the person;

SECTION 5: Faulkner County, further, does not assume any responsibility for nor will it be held liable for the costs of medical treatment provided to inmates of the County Jail nor persons in custody at the Faulkner County Sheriff's Office for injuries or harm inflicted by law enforcement officials of a municipality, or of a County, State or Federal Agency not employed by or working at the direction of the Faulkner County Sheriff's Office;

SECTION 6: The costs of all medical care or treatment referred to in sections 4 and 5 hereof shall be the sole responsibility of the inmate, detainee or other party or agency, and in the event that the health care provider should for any reason bill, charge, or make claim against Faulkner County for the access to care provided by the County Officers then the County shall initiate, maintain, and follow through any action, through courts of law or otherwise, to hold said parties liable for the costs incurred;

SECTION 7: In order to give adequate, appropriate, and proper notice of the contents of this Ordinance to all potentially affected parties, the Faulkner County Sheriff shall both post a conspicuous notice within the jail facilities for all persons to read and that all inmates shall be advised of these rights at the time of incarceration and required to sign and/or acknowledge their having been advised of and, their understanding of these rights, duties, and obligations. This same notice and/or the contents of this Ordinance shall be served upon all health care providers within the County and to all medical facilities outside the County that may be called upon from time to time to provide medical care to the inmates or detainees;

SECTION 8: Faulkner County has seen the proliferation of frivolous medical claims and allegations of injury and harm to inmates, has foreseen the potential of claims based upon injuries or harm caused by third parties or by other law enforcement officers over whom the County has no control nor responsibility, and has experienced the affects of previously ill, diseased, or injured persons expecting the County to be liable for their continued treatment while incarcerated, and has determined that protection

against these claims, that avoiding the potential insurance costs or coverage for such claims, and that the pure inequity of such claims in a good and proper reason for the enactment of this Ordinance.

BE IT ENACTED BY THE QUORUM COURT OF THE COUNTY OF FAULKNER, STATE OF ARKANSAS, AN ORDINANCE TO BE ENTITLED: AN ORDINANCE PROVIDING FOR THE LEVYING OF A VOLUNTARY TAX OF 1 MILL FOR THE SUPPORT OF THE FAULKNER COUNTY CONSERVATION DISTRICT, TO DECLARE AN EMERGENCY, AND FOR OTHER PURPOSES.

SECTION 1: There is hereby levied a voluntary tax of 1 mill for 1994 and subsequent years on the assessed valuation of all real and personal property subject to taxation within Faulkner County.

SECTION 2: Such millage shall be set forth as a "Voluntary Soil Conservation District Tax" to be paid by the property owner on his or her own volition. The property tax statement sent to the property owners by Faulkner County shall specify this millage as voluntary.

SECTION 3: All monies collected from this voluntary tax shall be set aside in a fund to be designated the "County Soil Conservation District Fund" and shall be appropriated by the Faulkner County Quorum Court for the support and operation of programs sponsored by the Faulkner County Soil Conservation District.

SECTION 4: This voluntary 1 mill tax shall be a continuing levy until altered or abolished by the Faulkner County Quorum Court.

SECTION 5: The effect of this Ordinance being immediately necessary, an emergency is declared to exist and this Ordinance shall be in full force and effect from and after its passage and approval.

FAULKNER COUNTY QUORUM COURT

ORDINANCE 94-24

BE IT ENACTED BY THE QUORUM COURT OF THE COUNTY OF FAULKNER, STATE OF ARKANSAS, AN ORDINANCE TO BE ENTITLED: AN APPROPRIATION ORDINANCE TO ESTABLISH THE ANNUAL OPERATING BUDGET FOR CALENDAR YEAR 1995.

SECTION 1: ANNUAL BUDGET ADOPTED BY REFERENCE. The annual budget for calendar year 1995 identified as "1995 Annual Budget, Faulkner County, Arkansas", dated 19 December, 1994, is hereby adopted by reference. A copy of said budget shall be filed in the Office of the County Clerk and shall be available for inspection and copying by any person during normal business hours.

SECTION 2: NONRESTRICTED EXPENDITURE CATEGORIES. Expenditures of funds appropriated by this Ordinance shall not be restricted to the line item expenditure codes comprising the four major categories of expenditures - Personal Services, Supplies, Other Services and Charges, and Capital Outlays, but shall be restricted to office/departmental expenditures within the above enumerated four major categories of expenditures except for funds appropriated for personnel salaries and wages and related employee benefits. Personnel expenditures shall not exceed the dollar amounts, number of employees, and salary or wage rates specified in the annual budget or an amendment thereto.

SECTION 3: EXPENDITURE RESTRICTED TO SPECIFIED FUNDS. No expenditure of appropriated funds shall be made from any fund other than the fund specified in the Ordinance, or an amendment thereto.

SECTION 4: TRANSFERS. Any transfer of monies between the various funds of the County or between the four major categories of expenditures - Personal Services, Supplies, Other Services and Charges, and Capital Outlays - shall be made only with prior approval of the Faulkner County Quorum Court. Provided, however, all transfers budgeted for in the annual budget shall be exempt from the provisions of this section.

SECTION 5: PROJECTED REVENUE AND APPROPRIATED AMOUNTS; BY FUND.

	<u>PROJECTED REVENUE</u>	<u>APPROPRIATED FUNDS</u>

Re: Amendment to Appropriations Ordinance raising contract
pay rate for Public Defenders

Dear Justice Skinner:

I apologize for getting you this letter on the night of the Quorum Court meeting. I seem to recall I specifically told you I would get it to you in plenty of time to review and understand and I failed to do that. For that I apologize.

The first issue posed to me was whether the amendment to the appropriations ordinance which was passed by simple majority of the court which raised the contract pay rate for the public defenders was a valid amendment to an appropriation ordinance due to the fact that it passed by a simple majority and not by a 2/3 majority.

After researching Roberts Rules of Order and the handbook for Quorum Courts Proceedings supplied by the Association of Counties and after having made a couple of telephone calls to the Association of Counties, I believe I have an answer.

It appears that a 2/3 majority is required to pass an amendment to an existing appropriations ordinance (emphasis supplied).

Based on my conversations with the Association of Counties as well as my research I believe that at the time the questioned amendment was proposed, the appropriation ordinance had not passed and therefore did not qualify as an existing appropriations ordinance. At that point in time it was merely a proposed ordinance and it appears that a simple majority was sufficient to amend it.

Justice Ann Skinner
February 21, 1995
Page 2

In other words, it appears that (although I would have liked to have had money for raises for my Deputy Prosecutors) the raise for the Public Defenders was properly voted upon and passed.

The second issue upon which my opinion was requested was if in fact the amendment was effective and legally passed could it be rescinded at this point.

I believe that the general answer to that question is yes. It is my opinion that in general any ordinance can be amended upon a proper vote of the Quorum Court. Obviously there are exceptions to this rule but I do not believe any of them apply in this instance.

In other words, if it is your desire to attempt to rescind this raise for the Public Defenders, I believe that an amendment to the appropriations ordinance (which is now an existing ordinance) could be proposed and passed by a 2/3rd majority. I believe you could amend it up or down as the Court sees fit.

I hope this letter answers your questions and I apologize once again for its tardy nature. If I can ever answer anything for you again, please do not hesitate to call.

Sincerely,

H.G. Foster

FAULKNER COUNTY QUORUM COURT

ORDINANCE 95-16

BE IT ENACTED BY THE QUORUM COURT OF THE COUNTY OF FAULKNER, STATE OF ARKANSAS, AN ORDINANCE TO BE ENTITLED: AN ORDINANCE TO INCORPORATE THE FEDERAL DEPARTMENT OF TRANSPORTATION'S 1994 FINAL RULES FOR CONTROLLED SUBSTANCES AND ALCOHOL TESTING, UPDATING THE OMNIBUS TRANSPORTATION EMPLOYEE TESTING ACT OF 1991 INTO EXISTING PERSONNEL POLICIES AND TO AMEND ANY PERSONNEL POLICY PROVIDING FOR CONDITIONS OF EMPLOYMENT, DECLARING AN EMERGENCY AND FOR OTHER PURPOSES.

WHEREAS, pursuant to Congressional mandate, the U.S. Department of Transportation has handed down its 1994 Final Rules for Controlled Substances and Alcohol Testing, (hereinafter called the Rules), which update the Omnibus Transportation Employee Testing Act of 1991; and

WHEREAS, all employees occupying positions which require a Commercial Driver's License in order to carry out the duties of their position will now be subject to the Rules, including those for drug and alcohol testing, effective January 1, 1996; and

WHEREAS, the county is committed to maintaining a safe workplace for its employees, and users of the public highways that is free from illegal drug use and the misuse of alcohol; and

WHEREAS, the county intends to comply with the requirements for drug and alcohol testing as mandated by the U.S. Department of Transportation and other Federal and State laws and regulations.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNTY

SECTION 1: That all personnel policies of the County are hereby revised and amended to incorporate the 1994 DOT Final Rules. Said Rules are, by reference, incorporated herein in their entirety as if restated word for word.

SECTION 2: That this ordinance specifically amends any personnel policy providing for conditions of employment for employees whose duties require them to maintain a Commercial Driver's License in order to lawfully carry out their duties.

SECTION 3: Any Ordinance, Resolution, Rule, Regulation or part of any Ordinance, Resolution, Rule, Regulation now in effect which conflicts with the Rules is hereby repealed.

SECTION 4: The County Judge is hereby directed to establish procedures to ensure compliance with the Rules, including the assignment of a Designated Representative responsible for the execution of the procedures.

SECTION 5: Any laboratory, medical review officer, substance abuse professional or any other professional who receives payment for

testing, evaluating, record-keeping, or other services mandated by the Rules must be qualified according to the Rules and must perform such services in conformance with 49 CFR Part 40 and Part 382.

SECTION 6: The County's employment policy manual shall be updated to include the following new provisions:

Employee Drug and Alcohol Testing

- A. Effective January 1, 1996, employees whose duties require them to maintain a commercial driver's license in order to lawfully carry out their duties are subject to testing by the County to detect the presence of controlled substances and alcohol in their body, including:
 - 1. Pre-employment Testing (controlled substances only)
 - 2. Reasonable Suspicion Testing
 - 3. Random Testing
 - 4. Post-accident Testing
 - 5. Return-to-duty and Follow-up Testing

- B. The Drug and Alcohol Testing Procedures required by the U.S. Department of Transportation (the rules) shall be the procedures promulgated by the Association of Arkansas Counties.

- C. Upon the county's adoption of this policy, or at the point of hiring, each county employee shall certify in writing that:
 - 1. the employee has been informed of and understands his or her obligations under the County's drug and alcohol testing policy and the drug and alcohol regulation of the U.S. Department of Transportation;
 - 2. the employee understands that the use or possession of alcohol in any form is prohibited in the workplace, and that there are restrictions on alcohol use for a period prior to reporting for work and after an accident;
 - 3. the employee understands that the possession or use of unauthorized or illegal drugs is prohibited at any time whether in the workplace or not; and
 - 4. the employee understands that, as a condition of employment, the employee must submit to collection of breath, urine, blood, and/or saliva samples when requested by the county employer or a contractor acting for the county employer and, also, that the employee may be subject to drug and alcohol testing in other circumstances including, but not limited to post-accident and when the employer has reasonable suspicion to believe the driver has engaged in prohibited actions concerning controlled substances

or alcohol.

- D. Drug and alcohol testing will be administered to those employees mandated by the Rules, in the circumstances and in the manner mandated by the Rules.
- E. Reasonable suspicion testing shall not be conducted until after the facts are reviewed by the prosecuting attorney, a deputy prosecuting attorney, or the County civil attorney and the reviewing attorney agrees with the supervising elected official that reasonable suspicion exists under the particular facts of the particular case.
- F. The following shall result in immediate discharge:
 - 1. Refusal to take a mandated test for drugs or alcohol;
 - 2. A positive drug test result, once the time limit for requesting a second test of a split sample has expired, or upon receipt of a positive drug test result from the second test;
 - 3. A positive alcohol test result;
- G. Employees whose initial drug test results are positive and who request a test of the second portion of the split sample will be suspended without pay until such time as the county's 'Designated Representative' receives the results of the second (split sample) test. Such second test will be at the employee's expense. A negative result from the second (split sample) drug test will render the first test invalid and the employee will be reinstated with back pay and reimbursement for the costs of the second test.
- H. An employee suspected of unlawful use of drugs or abuse of alcohol while on duty, as established by the Rules, or who is involved in an accident as defined in 49 CFR 390.4 (and receives a citation for a moving traffic violation in this section) by the Rules, shall be suspended immediately with pay until the results of the drug or alcohol test are received by the county's 'Designated Representative'.

SECTION 7: If any provision of this Ordinance is held invalid by a court of law or subsequent legislative action, such holding shall in no way affect the validity of the remaining provisions or sections of this Ordinance, which shall remain in full force and effect.

SECTION 8: The need to adopt the Department of Transportation's 1994 Final Rules on Drug and Alcohol Testing effective January 1, 1996, is necessary for the effective, efficient, and safe operation of the county and to protect the health and welfare of its citizens who

travel the streets and highways, and its employees in the workplace, THEREFORE, an emergency is hereby declared to exist and this ordinance shall be in full force and effect from and after January 1, 1996.

FAULKNER COUNTY QUORUM COURT

ORDINANCE 95-18

BE IT ENACTED BY THE QUORUM COURT OF THE COUNTY OF FAULKNER, STATE OF ARKANSAS, AN ORDINANCE TO BE ENTITLED: AN APPROPRIATION ORDINANCE TO ESTABLISH THE ANNUAL OPERATING BUDGET FOR CALENDAR YEAR 1996.

SECTION 1: ANNUAL BUDGET ADOPTED BY REFERENCE. The annual budget for calendar year 1996 identified as "1996 Annual Budget, Faulkner County, Arkansas", dated 19 December, 1995, is hereby adopted by reference. A copy of said budget shall be filed in the Office of the County Clerk and shall be available for inspection and copying by any person during normal business hours.

SECTION 2: NONRESTRICTED EXPENDITURE CATEGORIES. Expenditures of funds appropriated by this Ordinance shall not be restricted to the line item expenditure codes comprising the four major categories of expenditures - Personal Services, Supplies, Other Services and Charges, and Capital Outlays, but shall be restricted to office/departmental expenditures within the above enumerated four major categories of expenditures except for funds appropriated for personnel salaries and wages and related employee benefits. Personnel expenditures shall not exceed the dollar amounts, number of employees, and salary or wage rates specified in the annual budget or an amendment thereto.

SECTION 3: EXPENDITURE RESTRICTED TO SPECIFIED FUNDS. No expenditure of appropriated funds shall be made from any fund other than the fund specified in the Ordinance, or an amendment thereto.

SECTION 4: TRANSFERS. Any transfer of monies between the various funds of the County or between the four major categories of expenditures - Personal Services, Supplies, Other Services and Charges, and Capital Outlays - shall be made only with prior approval of the Faulkner County Quorum Court. Provided, however, all transfers budgeted for in the annual budget shall be exempt from the provisions of this section.

SECTION 5: PROJECTED REVENUE AND APPROPRIATED AMOUNTS; BY FUND.

FAULKNER COUNTY QUORUM COURT

ORDINANCE 96-08

BE IT ENACTED BY THE QUORUM COURT OF THE COUNTY OF FAULKNER, STATE OF ARKANSAS, AN ORDINANCE TO BE ENTITLED: AN ORDINANCE GRANTING TO CADRON CABLE CO. INC., THEIR SUCCESSORS AND ASSIGNS, THE RIGHT TO ERECT, MAINTAIN AND OPERATE TRANSMISSION AND SERVICE DISTRIBUTION FACILITIES AND ADDITIONS THERETO, IN, UNDER, OVER, ALONG, ACROSS AND UPON THE STREETS, LANES, AVENUES, ALLEYS, BRIDGES, HIGHWAYS, AND OTHER PUBLIC PLACES IN FAULKNER COUNTY, ARKANSAS, NOT WITHIN THE CORPORATED LIMITS OF ANY CITY AS OF THIS DATE, AND SUBSEQUENT ADDITIONS THERETO FOR THE PURPOSE OF ERECTING, OPERATING AND MAINTAINING A TELEVISION ANTENNA SYSTEM AND A TELEVISION SIGNAL TRANSMISSION SYSTEM THEREON AND THEREUNDER SERVING THE INHABITANTS OF SAID COUNTY, AND FOR OTHER PURPOSES, FOR A PERIOD OF TEN (10) YEARS, WITH THE OPTION TO RENEW THE SAME AND REGULATING THE SAME, AND FOR OTHER PURPOSES.

SECTION 1: In consideration of the faithful performance and observance of the conditions and reservations hereafter specified, the right is hereby granted to Cadron Cable Co., Inc., their successors and assigns, hereinafter referred to as Grantee, to erect, maintain and operate antenna television transmission and distribution facilities, in, under, over, along, across and upon the streets, lanes, avenues, sidewalks, alleys, bridges, and other public places in Faulkner County, Arkansas, not within the incorporated limits of a city as of this date, and subsequent additions thereto, for the purpose of transmission and distribution of television impulses and television energy, both community antenna and closed circuit including programs, recorded on film and television tape or otherwise recorded in accordance with the laws and regulations of the United States of America and the State of Arkansas, and the ordinances and regulations of Faulkner County, Arkansas, for a period of ten (10) years with the option to renew the same for an additional ten (10) years, upon the same terms and conditions herein provided for by giving written notice of the desire to do so at least one (1) year prior to the expiration hereof, subject to the conditions thereof.

SECTION 2: Whenever used in this ordinance, the word "television" shall mean a system for simultaneous transmission of audio signals and visual images by means of electrical impulses.

SECTION 3: This right-of-way for the use and purposes herein set forth shall not be exclusive but is merely a permit allowing Grantee to use the streets, alleys, etc., of Faulkner County, Arkansas, for the purpose herein set forth.

SECTION 4: The Grantee's transmission and distribution system, poles, wire and appurtenances shall be located, erected and maintained so as not to endanger or interfere with the lives of persons, or to interfere with any improvements the

County may deem proper to make, or to hinder unnecessarily or obstruct the free use of the streets, alleys, bridges or other public property.

Construction and maintenance of the transmission distribution system, including house connections, shall be in accordance with the provisions of the National Electrical Safety Code, prepared by the National Bureau of Standards, the National Electrical Code of the National Board of Fire Underwriters and such applicable ordinances and regulations of Faulkner County, Arkansas, effecting electrical installations which may be presently in effect or may be enacted by the County.

Installation and house drop hardware shall be uniform throughout the County, except that Grantee shall be free to change his hardware and installation procedure as improvements therein and developed and except where changes are permitted or required by regulations and ordinances of Faulkner County, Arkansas, presently in effect or which may be enacted hereafter.

- SECTION 5: The Grantors shall have the right to prescribe reasonable service rules and regulations for the conduct of this business, service rules and regulations shall be kept on file at all times with the County Clerk.
- SECTION 6: The Grantee shall construct an ALL Bands system capable of providing twenty-four (24) or more channels of satisfactory television reception.
- SECTION 7: The Grantees' distribution system shall conform to the requirements of the Federal Communications Commission, particularly with respect to freedom from spurious radiation.
- SECTION 8: The antenna, receiving and distribution equipment shall be installed and maintained so as to provide pictures on subscriber receivers throughout the system essentially of the same quality as those received at the antenna site and/or transmitted by the Grantee.
- SECTION 9: All provisions of law provided and prescribed for the granting of this permit and authority are hereby declared to have been fully complied with and the permit shall be in full force and effect from and after its execution and approval. The Grantee shall pay quarterly, and in consideration of the granting of this permit and authority, agree to pay Faulkner County, Arkansas, as a tax and as compensation for the right and privilege enjoyed hereunder, three percent (3%) of the annual gross base proceeds received by the Grantee herein.

SECTION 10: If services are not performed in an acceptable manner, or if payment of proceeds is not received as prescribed, this permit will be considered null and void.

FAULKNER COUNTY QUORUM COURT

ORDINANCE 96-12

BE IT ENACTED BY THE QUORUM COURT OF THE COUNTY OF FAULKNER, STATE OF ARKANSAS, AN ORDINANCE TO BE ENTITLED:

AN ORDINANCE TO PLACE ON THE GENERAL ELECTION BALLOT FOR THE APPROVAL OF THE ELECTORS OF FAULKNER COUNTY, THE LEVY OF A ONE-HALF (1/2) PERCENT SALES AND USE TAX; TO DEFINE "SINGLE TRANSACTION", AND FOR OTHER PURPOSES.

SECTION 1: The levy of a one-half percent (1/2%) sales and use tax in Faulkner County, Arkansas, as authorized by Act 885 of 1991, shall be submitted in the General Election to the qualified electors of Faulkner County, Arkansas, for approval or disapproval.

SECTION 2: The question of levying the Sales and Use Tax shall be placed on the ballot for the election in substantially the following form:

"FOR adoption of a one-half (1/2) percent sales and use tax within Faulkner County, Arkansas, designated as follows: County Road Fund 50%, Sheriff's Department 20%, Rural Volunteer Fire Departments 5%, and Faulkner County Library 25%."

"AGAINST adoption of a one-half (1/2) percent sales and use tax within Faulkner County, Arkansas, designated as follows: County Road Fund 50%, Sheriff's Department 20%, Rural Volunteer Fire Departments 5%, and Faulkner County Library 25%."

SECTION 3: The election on the said question shall be held on Tuesday, the 5th of November, 1996; and the Faulkner County Election Commission is directed to do all things legally necessary and required under the law to prepare for and set up election on said question.

SECTION 4: The election shall be held and conducted and the vote canvassed and the results declared under the law and in the manner now provided for elections unless otherwise provided in the Authorizing Legislation.

SECTION 5: The results of the question shall be proclaimed by the County Court, and this Proclamation shall be published one time in a newspaper published in the County and having a general circulation therein, which Proclamation shall advise that the results as proclaimed shall be conclusive unless challenged in

the Courts within thirty days after the date of publication.

SECTION 6: A copy of this Ordinance shall be provided to the Commissioner of Revenues of the State of Arkansas as soon as practical.

SECTION 7: If the levy of the Sales and Use Tax is approved by the electors, the County Judge is hereby authorized and directed to do all things necessary to cause the Sales and Use Tax to be collected in accordance with the Authorizing Legislation.

SECTION 8: The maximum local sales (gross receipts) and use tax on any single transaction shall be in the sum of twelve dollars and fifty cents (\$12.50) and shall be determined and collected in accordance with the provision of A.C.A. 26-74-220.

SECTION 9: The term "single transaction", for the purposes of the local sales tax, shall be defined according to the nature of the goods purchased, as follows:

- A. When two (2) or more instruments of travel in which, upon which or by which any person or property is, or may be, transported or drawn, including but not limited to, on-road vehicles, whether required to be licensed or not, off-road vehicles, farm vehicles, airplanes, water vessels, motor vehicles, non-motorized vehicles and mobile homes, are sold to a buyer by a seller, each individual instrument of travel, whether part of a "fleet" sale or not, shall be treated as a single transaction for the purpose of the local sales tax.
- B. The charges for any utility service, which are subject to the taxes levied under the sales tax of the county, and which services are furnished on a continuous basis, whether such services are paid daily, weekly, monthly, or annually, shall, for the purposes of the local sales tax, be computed in daily increments, and each such daily increments, shall be considered to be a single transaction for the purposes of the local sales tax.
- C. For the purposes of the local sales tax, a single transaction regarding sales of general construction materials and supplies to contractors, builders and other buyers and on which an aggregate sales (or use) tax figure has been reported and remitted to the State is defined as follows:

Any one-time purchase for a single project with a single delivery site even though delivery of the purchased materials or supplies may take place

over a period not to exceed thirty (30) calendar days and even though separate deliveries may be reflected by separate invoices or receipts. Invoices not submitted within 30 days of date of purchase will not be accepted for rebate action.

- D. When two (2) or more items of major equipment or machinery are sold, each individual unit shall be treated as a single transaction for the purposes of the local sales tax.
- E. For any other items, dry goods, and other tangible personal property and/or services not otherwise expressly covered in this section, a single transaction shall be deemed to be any single sale which is reflected on a single invoice, receipt or statement, on which an aggregate sales tax figure has been reported and remitted to the State.
- F. Pursuant to ACA 26-74-408 as set forth in Act 885 of 1991, the County shall provide a rebate for taxes paid based on the excess of one-half percent (1/2%) of \$2500.00 gross receipts or \$12.50 on a single transaction, except that where the tax is collected as the result of the purchase of a new or used motor vehicle, procedures established by ACA 26-52-510 and ACA 26-74-408 (b) as set forth in Act 885 of 1991 shall be followed.

SECTION 10: This Ordinance shall be in full force and effect from and after its passage and approval.

FAULKNER COUNTY QUORUM COURT

ORDINANCE 96-17

BE IT ENACTED BY THE QUORUM COURT OF THE COUNTY OF FAULKNER, STATE OF ARKANSAS, AN ORDINANCE TO BE ENTITLED: AN APPROPRIATION ORDINANCE TO ESTABLISH THE ANNUAL OPERATING BUDGET FOR CALENDAR YEAR 1997.

SECTION 1: ANNUAL BUDGET ADOPTED BY REFERENCE. The annual budget for calendar year 1997 identified as "1997 Annual Budget, Faulkner County, Arkansas", dated 19 December, 1996, is hereby adopted by reference. A copy of said budget shall be filed in the Office of the County Clerk and shall be available for inspection and copying by any person during normal business hours.

SECTION 2: NONRESTRICTED EXPENDITURE CATEGORIES. Expenditures of funds appropriated by this Ordinance shall not be restricted to the line item expenditure codes comprising the four major categories of expenditures - Personal Services, Supplies, Other Services and Charges, and Capital Outlays, but shall be restricted to office/departmental expenditures within the above enumerated four major categories of expenditures except for funds appropriated for personal salaries and wages and related employee benefits. Personnel expenditures shall not exceed the dollar amounts, number of employees, and salary or wage rates specified in the annual budget or an amendment thereto.

SECTION 3: EXPENDITURE RESTRICTED TO SPECIFIED FUNDS. No expenditure of appropriated funds shall be made from any fund other than the fund specified in the Ordinance, or an amendment thereto.

SECTION 4: TRANSFERS. Any transfer of monies between the various funds of the County or between the four major categories of expenditures - Personal Services, Supplies, Other Services and Charges, and Capital Outlays - shall be made only with prior approval of the Faulkner County Quorum Court. Provided, however, all transfers budgeted for in the annual budget shall be exempt from the provisions of this section.
