THIS BID PACKET CONTAINS INFORMATION
CONCERNING PROJECT FOR
FAULKNER COUNTY, ARKANSAS
COUNTY JUDGE ALLEN DODSON

Pavement Condition and Distress Collection Services

July 11, 2023

Faulkner County, Arkansas

Pavement Condition and Distress Collection Services

Date: July 11, 2023

Reference: Pavement Condition and Distress Collection Services Bid

Bid is to be addressed to:

Faulkner County Judge's Office
Attn: Pavement Condition and Distress Collection Services Bid
801 Locust Street
Conway, Arkansas 72034

BIDS ARE DUE ON Tuesday, August 1, 2023 by 9:00 A.M.

Bids may be mailed or hand delivered to the office of Judge Allen Dodson, County Judge, Faulkner County, Arkansas. All bids must be turned in prior to the 9:00 AM deadline.

*******Please provide four (4) references from government entities that the vendor has provided the services described in the scope of work for.**

*****Faxed, Phone, or e-mail bids will not be accepted.

*****All bids must be in a sealed envelope and marked Attn: Pavement Condition and Distress Collection Services Bid

Scope of Work:

Street Inventory: The selected consultant shall coordinate a roadway inventory and GIS map of approximately 1,000 centerline miles of improved roadways under the jurisdiction of Faulkner County, Arkansas (excluding undeveloped / un-improved / dirt / gravel / private roadways) utilizing existing data currently maintained by Faulkner County and held within established GIS databases.

Pavement Condition Assessment: The selected consultant shall record pavement distresses (or lack thereof) for each County Road section. It is the County's desire for the consultant to establish a condition index rating for each street section assessed. In addition, the selected consultant shall coordinate maps (large enough for public meetings) of the County's network of improved roads that illustrate the condition of the road based on a minimum coding of Good, Fair, and Poor based upon existing road conditions.

Method for Collecting and Recording Data: The selected consultant shall utilize electronic equipment designed for recording pavement distress within GIS format and produce geo-located imagery for each inspected street section. All information becomes the property of Faulkner County, Arkansas.

Software and Hardware: The selected consultant shall provide literature and any other documents relevant for the County's review for the recommended software to archive and process data gathered by the consultant. The selected consultant shall include both an estimated cost for viewing software and an hourly rate for assistance and training Faulkner County, Arkansas to import data to a selected software/database system.

- **Bidders shall submit their bids on the form supplied by the Judge's Office.**
