Bid

Name of Vendor FirstStep Management Techniques, llc

Name of Individual Representing Vendor Mr. Michael G. Morgan

The above named vendor offers to sell one Pavement Condition and Distress Collection Services with the following specifications

Scope of Work:

Street Inventory: The selected consultant shall coordinate a roadway inventory and GIS map of approximately 1,000 centerline miles of improved roadways under the jurisdiction of Faulkner County, Arkansas (excluding undeveloped / un-improved / dirt / gravel / private roadways) utilizing existing data currently maintained by Faulkner County and held within established GIS databases.

Pavement Condition Assessment: The selected consultant shall record pavement distresses (or lack thereof) for each County Road section. It is the County's desire for the consultant to establish a condition index rating for each street section assessed. In addition, the selected consultant shall coordinate maps (large enough for public meetings) of the County's network of improved roads that illustrate the condition of the road based on a minimum coding of Good, Fair, and Poor based upon existing road conditions.

Method for Collecting and Recording Data: The selected consultant shall utilize electronic equipment designed for recording pavement distress within GIS format and produce geo-located imagery for each inspected street section. All information becomes the property of Faulkner County, Arkansas.

Software and Hardware: The selected consultant shall provide literature and any other documents relevant for the County's review for the recommended software to archive and process data gathered by the consultant. The selected consultant shall include both an estimated cost for viewing software and an hourly rate for assistance and training Faulkner County, Arkansas to import data to a selected software/database system.

to Faulkner County, at the price of \$75,000.00.

This price includes taxes, fees, charges, surcharges, and extra pick-ups to be paid by Faulkner County.
