## Press Release

**April 11, 2017**

This year, Jim Baker, the Faulkner County Judge, has designated April to be “Cleanup Faulkner County Month” in honor of Stanley Russ. Faulkner County is encouraging residents to pick up and dispose of trash along the highways, byways and backroads of our county.

In order to facilitate this effort, several fire departments and organizations have agreed to be an e-waste disposal site or have a dumpster placed at their station for public use on April 21<sup>st</sup> and 22<sup>nd</sup> from 10am-6pm.

Some items will not be accepted at clean-up sites due to environmental regulations. The following items will not be accepted: tires, paint, liquids, motor oil, yard waste, anti-freeze, car batteries, fluorescent bulbs, electronic equipment, herbicides/pesticides, household hazardous waste and construction debris.

Litter clogs waterways, leaks toxins into soil and water, and harms small animals, which in turn harms larger animals, yet humans continue to casually discard trash while ignoring the effects. Be a part of the solution instead of a part of the problem. Participate in the Faulkner County Clean-up Days on April 21<sup>st</sup> and 22<sup>nd</sup>.
